

User Story - About/Contact

Description:

As a user, I would be curious about who we are and what EventPlanner does. The About/Contact page should consist of information about EventPlanner and how I can navigate through the application. I would also want the contact information (email, address, etc.) of the company/the people running it. There should also be a place where the I, the user, can send them an email asking any questions or giving them feedback about EventPlanner. I would put my email, the subject of the email, and the message. Once they submit the email, it will send it to their email.

Design:

A mockup of a web browser window titled "EventPlanner". The browser's address bar shows "EventPlanner". The page has a red header bar with a calendar icon and the text "EventPlanner". The background of the page is a blurred image of a crowd at a concert or event. On the left side, there is a white box with the heading "WELCOME TO EVENTPLANNER" and a paragraph of Lorem Ipsum text. On the right side, there is a white box with the heading "Contact Us" and three input fields: "Email", "Subject", and "Message".
